Miss Bunny Day
Martha Wilson House
Smith College
Northampton, Mass.

Dear Bunny:

As I understand it, WYBC will take over broadcasting from WCSR on Friday, the 15th from seven til eleven. As far as breaks and commercial copy is concerned, we will follow your procedure: one minute station breaks on the hour and thirty second breaks at the half hour. The only problem that arises is that I have worked out two fifteen minute shows (14:30 each and they will be taped) and we will need copy at the quarter hour when they occur in our log.

As far as the log is concerned I can't at this time send you our complete schedule for a very simple reason: it ain't complete. We have worked out three hours so far and you will find enclosed a short description of each of the shows planned. Rose-Joan suggested I send this on for publicity purposes. If you feel that you urgently need a complete log before we arrive on Friday, please call me down here and I shall ship one up to you.

Bunny, please excuse this terribly business-like letter but I wanted to get it off to you before I left town today to make sure that a hockey game gets broadcast tonight from Dartmouth. I'm certainly looking forward to seeing you and shall look for you at the station (radio, that is) when I arrive with the masses somewhere around five on Friday.

Sincerely,

Karl Honeystein
Program Director
